CITY MANAGER:

Meeting with City Attorney:

Public Works Director Patrick Walker, Planning Consultant John Stoufer, Building Director Terry Hoofard and I met with City Attorney Jody Burgess and Attorney Mike Fitzpatrick on Tuesday afternoon to discuss a building and planning related issue.

PUBLIC WORKS DEPARTMENT:

Potholes:

As City Streets dry from the recent rain storms, more potholes will appear and Public Works will be spending considerable time patching them.

Engineering Services Interviews:

Caltrans requires entities receiving and/or seeking to receive federal funds, to conduct interviews for engineering services every 5 years. Therefore, on Tuesday, March 11, 2014, Public Works Director Patrick Walker, Assistant Public Works Director Steve Lindeman and Tehama County Public Works Engineer Kevin Maple interviewed three Civil Engineering Firms to provide these services to the City. Staff will be preparing a resulting recommendation for future consideration by the City Council. This clears a hurdle for the City should any federal funds become available for future projects.

Clark Well:

The Clark Well is back online. Replacement of the gasket has been completed and everything appears to be functioning properly. Public Works will closely monitor the Well on a daily basis to ensure there are no abnormalities.
