

**CITY OF CORNING
CITY COUNCIL CLOSED SESSION MINUTES**

**TUESDAY, JUNE 22, 2010
CITY COUNCIL CHAMBERS
794 THIRD STREET**

A. CALL TO ORDER: 6:30 p.m.

B. ROLL CALL:

Council:

**Vacant
Ross Turner
Toni Parkins
John Leach
Gary Strack**

Mayor:

All Councilmembers were present.

The Brown Act requires that the Council provide the opportunity for persons in the audience to briefly address the Council on the subject(s) scheduled for tonight's closed session. Is there anyone wanting to comment on the subject(s) the Council will be discussing in closed session? If so, please come to the podium, identify yourself and give us your comments.

Art Frolli, Operating Engineers Business Representative addressed the Council. He stated that the City has great employees and acknowledged the sacrifices made by these employees over the past year (exactly nine months) through furlough savings in the amount of \$211,000. He explained that the proposed furloughs for the next year and the language proposed in the Sideletters would not tie the hands of the City in relation to lay-offs. The furlough savings are not retroactive and cannot be paid back to the employees. He stated that the City Managers Plan was a good plan and reiterated that he doesn't often agree with the City Managers of the Units he represents, however in this case he does. The proposed Plan is a good plan; it keeps the City in the green with a good reserve.

In regards to what was said at the last meeting, (he stated he did listen to the recording and apologized for not attending however he had other commitments), some of the things he wanted to clear up is that there was no retroactivity regarding the furlough pay. He also explained why the bargaining units requested severance pay should lay-offs be initiated. Currently it takes 10-12 weeks to receive their first unemployment check. Very few individuals can go 1 to 2 months without pay. This severance pay will enable employees that might get laid off to pay their bills.

He then stated that he also represents the Police Chief. He stated that he doesn't think the members of the crowd fully appreciated what these two (Police Chief and City Manager) are proposing. He explained that the calculation is the years of service multiplied by either 2 or 3 percent depending upon what retirement you are in, and then you take that percentage and multiply by your single highest year without overtime, etc., just base pay. These individuals retiring early will take anywhere from a 6 to 12 percent loss from what they had projected for when they planned to retire. They are doing this to protect jobs; that is admirable.

Mr. Frolli also addressed the comment made previously by Mr. Dean Cofer where he stated that Furloughs could be imposed anyway without Bargaining Unit approval. That is not true, it can't be done mid contract, MMDA will not allow you to impose furloughs mid-contract. He then explained the procedure.

Councilor Parkins read a short statement publicly thanking all the City employees for their willingness to accept the past furloughs and the furloughs that were proposed in the new fiscal year. She stated that their commitment was huge especially during these trying economic

times. She also thanked those employees offering to go to part-time (City Manager, Police Chief, Planning Director and City Attorney) to prevent the possible need for employee layoffs also stating these proposals were huge.

RECOGNITIONS:

He announced that Mr. Demo has served the City for 18 years as a Fire Dispatcher and a total of 39 years as an active member of the Corning Volunteer Fire Department.

Tehama County's Representative for the State of California Area 2 Developmental Disabilities Board, Larry R. Stevens was present to accept the Proclamation.

H. BUSINESS FROM THE FLOOR:

Councilor Turner yielded the floor for Council to act on Regular Agenda Item 20. Councilor Turner moved to discuss and act on this item at this time. Councilor Leach seconded the motion.

20. Consider Approval of the Continuation of City Sponsored Recreation Programs.

Mayor Strack introduced this item by title and City Manager Kimbrough briefed the Council on the reasons for Council consideration and approval of sponsorship of these programs. He also outlined the City's role in this sponsorship. With little discussion Councilor Turner moved to authorize the continuation of the following previously run City sponsored recreation programs:

Kenpo Karate	Kenpo Robics	Yoga
Line Dancing	Photography	Lifeguard Training
Mommy-n-Me	Groove-n-Tunes	Storybook Friends

Councilor Leach seconded the motion. **Ayes: Strack, Turner, Parkins and Leach. Opposed: None. Absent/Abstain: None. Motion was approved by a 4-0 vote with one vacancy remaining on the Council.**

Mayor Strack stated that these would need to be revisited in the fall to see if the City can continue these programs.

Dean Cofer: Addressed the Council regarding the Budget Proposals submitted by Concerned Citizens stating he was surprised that it was not listed on tonight's Agenda and requested it be placed on the Agenda for discussion at the next meeting. He outlined the cost of the Management Staff in the current budget. He reiterated his belief that this City is top heavy in Management.

Mayor Strack clarified with Legal Council whether Council is required to place on the Agenda the proposals of Concerned Citizens. Mayor Strack stated all proposals received by the Council would be considered.

Dave Demo: Stated that during the last Memorial Day, he noticed very few American Flags on downtown storefronts. Mr. Demo stated he would like to see flags back on our Main Street and is working on a plan to make this happen. Mayor Strack stated this is something that can be worked on and asked Mr. Demo to discuss this with Mr. Brewer in the Public Works Department. Once a plan is put together he can come back and presented it to the Council for action. Mr. Demo also asked about the regulations related to the Fireworks Stands, he was informed what these regulations were.

Corning Community Foundation representatives Jaime Walburg and Jesse Orduno approached the Council regarding fundraising concerts at Northside Park for the Theater. Councilor Parkins asked if there were lights at this location and whether they have addressed the issue of noise with the neighbors. Councilor Leach suggested them coming in to talk with Public Works Director John Brewer to discuss the feasibility. **No action taken by the Council at this time.**

Maryanne Colbertson: Asked that she be able to address some of the budget issues related to the City. She stated that although she lives just outside of the City Limits, she owns approximately 8 rental homes in the City and does business in the City. She stated that all Office Staff, everyone except two City Councilmembers have voluntarily agreed to take a 10% cut in pay in the form of furloughs two Fridays a month. They have all been doing that since October 2009. This is a true sacrifice for them. You all know that family budgets are built around expected income, so those family budgets suffer and must be reworked, sometimes at great personal hardships. Doesn't this show true concern for the City? This furlough plan was saving the City nearly \$282,000 per year, it was actually \$281,779 but she rounded it off for simplicity. The "Concerned Citizens" wasn't satisfied with some of the fine points of the agreement and got the furloughs rescinded now costing the City \$282,000 a year.

This reminds her of some events surrounding the gulf oil spill, boats equipped with boons to soak up the oil, which were doing a great job of it, were shut down for days or weeks, why...to make sure there were sufficient life jackets on board. So the whole thing was shut down.

City Manager Steve Kimbrough offered to go half time, yes that means half pay, but he asked that the City keep him on the City's Health Insurance plan and pay half of the cost of the premium, the City now pays the full premium. The savings to the City for his offer, including allowing for that one half of the Health Insurance premium would have been nearly \$94,000 a year. She stated that "Concerned Citizens" balked at this whole plan ostensibly for the reason that Mr. Kimbrough's motives might not be right. She stated that she finds that people usually measure other people's motives upon the basis of their own.

Mrs. Colbertson stated that Police Chief Tony Cardenas made the same offer as the City Manager. His offer would have saved the City \$106,000 a year. His motive, to add stability to the City and attempt to save the jobs of his young struggling Police Officers and all of the other City Employees, who work for their sake and for the sake of the City and us citizens because the City cannot run itself in a way that we citizens would like.

City Planning Director John Stoufer made an offer to go on a contract basis saving the City \$65,000 per year, then he was told that in order to do this, he would have to resign his position entirely and reapply, possibly being replaced by someone else. And on top of that maybe the position would be eliminated completely.

She stated that thus far the more than generous sacrifices offered by the entire City Staff add up to \$547,601 per year, over a half million dollars. Together with the other planned budget measures would have balanced the budget, isn't that the goal? She stated that Benjamin Franklin said, "A penny saved is a penny earned", the City of Corning would have earned \$547,601 a year. She closed with a quote from Abraham Lincoln who took in from the Bible, Mark, Chapter 3, verse 25, "A house divided against itself cannot stand". She stated, lets all of us citizens who truly want the best Corning we can achieve unite to stand and work together in good faith to work towards that goal.

Art Frolli: Operating Engineers Representative who negotiated each of the Employee Bargaining Unit Contracts. He reiterated what was said prior to the closed session again stating that he hopes the Council will revisit the proposed contracts as it represents a significant savings to the City. He specifically addressed the language used in the proposed agreements; he clarified that the furlough savings would not be paid back to the employees retroactively should a lay-off occur. The City would recognize and keep the savings up until the layoff occurrence. He explained the reason behind the severance pay clause in the contracts.

He addressed the comment by Mr. Cofer and the Concerned Citizens that the City is top heavy; Mr. Frolli stated that this proposal addresses some of those issues. Mr. Frolli again explained the retirement calculation and the cost to the three individuals offering to take an early retirement in order to save the City money stating that they are reducing their retirement for the rest of their lives.

Mr. Frolli then addressed the letter sent out by Mr. Cofer on June 15th. He addressed the second paragraph of this letter, which he read, is a disclaimer. He stated that it occurred to him that every time you start a letter with a disclaimer that means that that is what you are after and implies that you do have personal agendas. He then addressed some of the items in this letter. He then addressed the statement by Mr. Cofer that the City could impose the furloughs without and agreement by the employees, he stated that no, the City cannot violate a contract and impose these furloughs mid contract. Mr. Frolli was informed that the Council would be holding a Special Meeting on June 24th to further discuss these items.

Councilor Turner: Noted that the previous speaker, Mr. Frolli, represents all employees except the City Manager. He then asked the status of whether the Planning Director John Stoufer is continuing to move forward with his retirement as the Council voted on a 3-1 vote on moving forward. Mayor Strack clarified that the only motion approved was to seek RFP's for the position. Mr. Stoufer stated he has not submitted his retirement papers stating that his retirement could jeopardize the possibility of the City being awarded the 4.5 million Park Grant they have applied for. Mr. Stoufer stated that he had planned on bringing this issue to the Council for discussion.

Ray Martinez (City Employee): Stated that he thinks it is a bad move specifically on Council members, Leach and Turner to not reconsider the proposals presented. He stated that when times are tough we need to stick together, we are a family here. He asked that they remember they are faces not numbers and he hopes that they please reconsider.
